Your Majesty King Hussein

The Jordanian banking sector has received with great happiness and joy the good news of Your Majesty's full recovery. To demonstrate this jubilation, the Jordanian Banking Sector has convened a meeting headed by the Governor of the Jordanian Central Bank and attended by the Bank's Boards of Directors and their General Managers. They deemed it convenient to establish a five million fund. It will carry Your Majesty's name and will be called "Al Hussein Fund for Excellence". The participants have agreed to pay JD 2 million for this year. The revenues of this fund will be invested in supporting the Jordanian distinguished, innovators and inventors.

This initiative aims at strengthening the principles and values that Your Majesty are desirous to instill in Your Majesty's people. The aim is to develop the innovative human potentials.

Your Majesty's Jordanian family, witnessing Your Majesty's auspicious return to Your prosperous country, prays for the God to keep Your Majesty to enjoy a good health so that the march of construction and development can proceed under the leadership of Your Majesty.

May God Bless Your Majesty and Your Majesty's Regent.

Dr. Ziad Fariz
Governor of the Central Bank of Jordan
